

## QUOTATION

Quote no. ELE-2026-0461

Date 17 June 2026

Valid for 30 days

## PREPARED FOR

Private client  
SW19

## JOB REFERENCE

Consumer unit (fuse box) replacement

## SCOPE OF WORKS

Attend site and isolate the incoming supply. Remove the existing fuse box and supply & install a new 18th-Edition consumer unit (RCBO-protected), reconnecting and labelling all existing circuits. Test all circuits on completion, issue an Electrical Installation Certificate, and notify Building Control under Part P.

ITEM	QTY	UNIT	AMOUNT
<strong>CONSUMER UNIT REPLACEMENT</strong>			
<strong>Consumer unit — 10-way 18th-Edition RCBO board</strong> Supply of new fully RCBO-protected consumer unit	1	£190.00	£190.00
<strong>Labour — remove old board &amp; install new CU</strong> Disconnect & remove existing fuse box, install & terminate new unit, reconnect and label all circuits (full day)	1	£360.00	£360.00
<strong>Testing &amp; Electrical Installation Certificate</strong> Full circuit test on completion, EIC issued	1	£90.00	£90.00
<strong>Building Control notification (Part P)</strong> Self-certified competent-person scheme	1	£35.00	£35.00

Subtotal £675.00

**TOTAL £675.00**

## ASSUMPTIONS TO CONFIRM

- Representative job at average South-London rates — not your own prices.
- Colour scheme taken from your logo.
- VAT status not confirmed — shown on a non-VAT basis.

**About this quote** — this is an indicative draft, priced at **average South-London rates**, not your own. Send your real price list (a photo or a quick voice note is fine) and I will re-issue it on your exact prices.

## NOTES

- Free, no-obligation sample. Final quote issued on your own prices once your rate card is loaded.
